## I. Background

The East 12<sup>th</sup> Street neighborhood conservation combining district (NCCD) is a zoning tool to implement East 11<sup>th</sup> and 12<sup>th</sup> Street Urban Renewal Plan (URP). An NCCD for East 11<sup>th</sup> Street has already been adopted by the City Council. This NCCD will modify provisions of the City's land development code, customizing development standards to meet the needs of East 12<sup>th</sup> Street.

Approvals. The 4<sup>th</sup> proposed amendment to the URP and associated NCCD were approved by the board of the Austin Revitalization Authority. The Urban Renewal Board also approved the amendment and draft NCCD, with the exception of sections IV.C and IV.D below related to conditional uses and the drive through accessory use. On these two items the Urban Renewal Board took no position.

On July 24, 2007 Planning Commission approved the draft NCCD with an additional recommendation that the rear yard set back for properties in subdistricts one and two be a vegetated setback.

## II. The NCCD and Neighborhood Plans

The E. 12<sup>th</sup> Street NCCD falls primarily in the Central East Austin Neighborhood Plan. One block falls in the Chestnut Neighborhood Plan and one block falls in the Rosewood Neighborhood Plan. The Chestnut and Rosewood neighborhood plans are in accord with the Urban Renewal Plan and the proposed NCCD for E. 12<sup>th</sup> St. Where there is disagreement with the Central East Austin neighborhood plan, the neighborhood plan's future land use map will be updated to reflect the land uses called for in the Urban Renewal Plan.

## III. Boundaries

The boundaries of the E. 12<sup>th</sup> Street NCCD are generally described as those lots facing East 12<sup>th</sup> Street from IH-35 and Branch Street to Poquito Street. See attached map.

The East 12<sup>th</sup> Street NCCD is divided into three subdisctircts:

- 1. Subdistrict 1

Structural pillars are not included in the calculation of available frontage.

<u>Example</u>: A 25 foot tall parking structure at the corner of Waller and E. 12th Street with 100' of frontage on E. 12<sup>th</sup> Street would be required to provide 75 feet of frontage for commercial or pedestrian oriented uses. ## POSTPONEMENT POLICY

General Policy: Anyone may request a postponement of a public hearing by following the instructions provided below. Individual commissioners may request postponements to be voted on by the full Commission. Note that requests for postponements of Neighborhood Plans or the rezonings that stem from Neighborhood Plans are strongly discouraged, and will not be granted except in extraordinary circumstances. Examples may include a significant defect in the planning process (e.g. lack of notification) or the availability of relevant and significant information that was not available during the planning process (e.g. the development of the Airport Overlay Zone around Austin-Bergstrom International Airport).

To Request a Postponement:

- 1. Write a letter to the case manager (case manager's name is provided in the agenda item under "City Staff") that includes 1) the date/time the letter was delivered to city staff, 2) the reason for requesting postponement, 3) requested postponement date.
- 2. Ensure that the case manager or the Planning Commission Coordinator receives your letter by the beginning of the Planning Commission meeting. Do not send requests for postponement directly to the Planning Commission. Letters to the Planning Commission Coordinator may be mailed or faxed to the address/number given below, or hand delivered to 505 Barton Springs Road, 5th floor.
- 3. Attend the Commission meeting in case the request for postponement is discussed.

## **SUMMARY**

Commissioner Sullivan – We will hear items #4, 6 & 7 together, since they are related.

Jerry Rusthoven, staff, gave presentation to the commission.

Commissioner Kirk – In the prohibited uses, #25 is that veterinary services?

Mr. Rusthoven - Yes.

Commissioner Kirk – In the pedestrian oriented uses that are allowable, #14 is pet services, so I don't get that.

Mr. Rusthoven – That often confuses people, pet services is not a vets office, veterinary services is like live stock like horses, goats etc.; pet services is like an animal hospital.

Mr. Rusthoven continued with staff's presentation on the NCCD, the related Neighborhood Plan amendment & zoning case.

Commissioner Kirk – Refresh my memory on the rear setbacks.

Mr. Rusthoven — The rear setbacks will be 10-feet. You would have 20-ft for alley and 10-ft for the setback and you could have a building that goes up to 50-ft.

Commissioner Kirk - So there is an alley?

Mr. Rusthoven - Yes.

Commissioner Reddy - What drove the removal of the CS-1 conditional use?

Mr. Rusthoven – That is a mistake; under the proposed NCCD, cocktail lounge will be a prohibited use, except for 1 that would be allowed to remain.

## <u>FAVOR</u>

Darwin McGee, President of the 12 St. Business & property owners association – Spoke in favor of proposal.

Scott Way, property owner - Spoke in favor.

John Goldstone – Spoke in favor. Spoke on specifics of the neighborhoods; we spend countless hours negotiating on the pedestrian oriented uses because the neighborhood did not want the City to build a free standing parking garage and not have it contain the services that we all wanted and needed; during the negotiating process several 12 street owners brought up the valid point that if they're building a parking garage as part of the development, then they should be able to put the permitted uses at the bottom of their parking garage, that again is base zoning minus prohibited uses; this was agreeable and fair and everybody agreed to it. However, the process did agree that if the parking garage was separated from the development, then it was suppose to serve by a street, then we would treat it as a free standing parking garage and the pedestrian oriented uses would go on the bottom of that garage, that was agreed to and voted on by the numerous neighbors and stakeholders attending those meetings; it seemed like a fair and forward compromise, but the distinction has been deleted from the NCCD and its place is the phrase "or commercial uses", that would completely eliminate anybody from putting a pedestrian oriented use at the bottom of a free standing garage. Please instruct the staff to reinsert this distinction. Mr. Goldstone spoke on compatibility.

Commissioner Riley – If we just deleted the words "commercial or"; would that solve the problem?

Mr. Goldstone – No it wouldn't the property should be allowed to use his permitted uses at the base of his garage as part of his development; if he would have put that garage across Waller, we would treat it as a free standing garage and then it would be a pedestrian oriented use, so we do want the developers to have their permitted uses to the extent that it is a part of the development.

Commissioner Riley – So we need a separate provision for free standing garages?

Mr. Goldstone – Actually, it does exist it just didn't make it to this portion of your packet, it has been drafted.

Eric Shropshire, resident of OCEAN – Spoke in favor. This has been a lengthy decade process and recommend moving this to Council.

Michael Young - Spoke in favor.

July 24, 2007

Matthew Dulope – Spoke in favor. The language was poorly written in the first place, it's been impossible to develop on 12<sup>th</sup> street because of this language; that's all I wanted to say.

Commissioner Galindo – Can you clarify what you think the intent or a less poorly choice of words should be?

Mr. Dulope - That's in this new amendment because they require frontage, 75% of frontage.

Gustavo Wartaza, property owner - Spoke in favor.

## **OPPOSITION**

Mary Helen Lopez, resident – Spoke in opposition. Stated that here is not a Neighborhood Association and that there isn't an active neighborhood association or any meetings; Ms. Lopez stated that the neighborhood was not notified. We do want development in the neighborhood; we're just not involved and never invited to the meetings with the business owners. We want the compatibility standards to not be waived to be equal as they are throughout the City; we want tract 12 to be the town homes that was agreed upon.

Commissioner Reddy - Do you know what the owner for tract 12 is planning?

Ms. Lopez -I think it says mixed use; housing on top and retail on the bottom, we've been told that that could be an option. We didn't get anything in writing.

Judith Clarkson, resident – Spoke in opposition. We have 74 signatures and I have a petition in the process. Ms. Clarkson stated that the neighborhood has not been well notified.

Commissioner Sullivan – Can you imagine a reasonable commercial entity that can come in?

Ms. Clarkson - I can't answer that; I just know that they've been talking about town homes coming in.

Eric Janson, property owner – Spoke in opposition. Expressed concerns about the compatibility standards and the setbacks. I do support development on 12<sup>th</sup> Street, I just can't imagine a structure of that proximity close to my house.

Michelle Hogan, resident – Spoke in opposition. I found out about these proposed changes about 3-weeks ago, I do not know why I didn't know earlier, since I was made aware of these changes, I have attended meetings and I saw a lot of frustrations regarding these changes.

Daniel Nelson, resident – Spoke in opposition.

Cindy Waggner – Spoke in opposition. OCEAN voted in their meeting this month that to request that you reinstate compatibility in the NCCD.

#### REBUTAL

Jerry Rusthoven, staff — With regards to what Mr. Goldstone stated about the parking garage, I do agree that the words "commercial or" should not be in front of pedestrian oriented uses as Mr. Goldstone mentioned; commercial is not defined in the NCCD, pedestrian oriented uses are. With regards to the difference between free standing garages vs. for those that are used for development on the same site, when I got involved with this I did not see a difference between the site development standards for both, so we decided to merge the two together. What the ARA approved did not have the distinction in it; however, it is your prerogative to make a distinction between the types of garages in your recommendation to City Council.

Commissioner Kirk – Has 12th Street been identified as a future...

Mr. Rusthoven – I would need to check on that, I'm not sure.

Commissioner Kirk – Was there consideration on doing a vegetative buffer in the NCCD, since we have some rear setback issues?

Mr. Rusthoven – I'm not sure; the change was done with the  $3^{rd}$  amendment and I was not part of those discussions.

Scott, Austin Revitalization Authority – The vegetative buffer was not discussed in the most recent discussions.

Commissioner Kirk – That is the solution that we sometimes propose in these types of projects, it helps to mitigate the affect of having a building directly behind single-family.

Mr. Wade – There is an allowance for 8-ft fences; there was an attempt to provide for a fencing requirement, but city staff said that for legal reasons we couldn't require for a developer to pay for a fence on someone else's property. The discussions were about fencing, no one ever spoke about a vegetative buffer.

Commissioner Sullivan – Can we get someone who can tell us that trees can grow or hedges.

Mr. Rusthoven – You could recommend that there be a vegetative buffer in that 10-ft setback and we could talk to the environmental staff or the landscape people and we'll present some language to that to Council, if that is what you'd like.

Commissioner Kirk – Was there an economic impact done on what the build out area would be if the setback was 15-ft., which would allow for more of a buffer?

Mr. Rusthoven – There was no economic impact done. I do have an answer to your question on whether 12<sup>th</sup> Street is in the Core Transit Corridor and the answer is that it is not.

Commissioner Dealey – How deep are the lots?

Mr. Rusthoven – 150-feet deep.

Commissioner Galindo - On tract 12, can you address the concerns on that tract.

Mr. Rusthoven – There's a project with the Austin Housing and Finance Corp on that property; the zoning change will be just adding an MU to the CS, so it does not affect the town home development, it is still allowed.

Sandra Harkin, City Neighborhood Housing — With regards to tract 12, the zoning is being changed to allow MU, but currently the Urban Renewal Plan allows only for town homes. Today town home is still the restricted use for that tract.

There was discussion on the fencing suggestion.

Mr. Rusthoven – Another thing is that there will not be an FAR on the tracts in the NCCD.

Commissioner Reddy and Kirk moved to close the public hearing.

## **MOTION**

Commissioner Kirk – I move to approve the NCCD as it is written with the one change that we insert language that there is a vegetative buffer within the rear setback.

Commissioner Sullivan  $\dot{-}$  I want it to be clear that we do not mean just grass, we want shrubbery.

Mr. Rusthoven – We'll work with landscape staff in the Watershed Protection Department and come up with something.

Commissioner Kirk – And because we do support the NCCD and because there is the issue of compatibility; I'm going to propose a 15-feet rear setback with that vegetative buffer; this is not something that's uncommon.

Commissioner Dealey - Second.

Mr. Rusthoven – Let's just say sub-districts 1 & 2.

Commissioner Kirk - Okay; sub-districts 1 & 2.

Commissioner Galindo – I cannot support the motion because of the 15-foot setback; the additional 5-feet are not in my support.

Motion failed. (4-2)

Commissioner Kirk – I'll resubmit my motion for staff recommendation with the vegetative buffer for sub-districts 1 & 2.

Commissioner Reddy - Second.

Motion carried. (6-0)
